

PAULO DE LACERDA OLIVEIRA

Linden, NJ 07036
(908) 630-8458
paulooliveira152012@gmail.com

React and React Native full-stack developer with expertise in web and mobile application development. Proficient in creating responsive and dynamic interfaces using HTML5, CSS, JavaScript, Bootstrap, and React. Skilled in utilizing Node.js, Express, and MongoDB for efficient back-end operations. Currently expanding mobile development skills with React Native for seamless integration between front-end and back-end functionalities. Well-versed in AJAX API interactions, Git, MERN stack, MySQL, progressive web applications (PWAs), and user authentication.
